SUBJECT: Letter of Agreement between BC TEAL and ELTAI

This Letter of Agreement (herein 'Agreement') summarizes the terms of a sister-association relationship between BC TEAL and ELTAI (herein 'Parties') to take effect upon the signing of this Agreement by both parties. The Agreement will be in effect until such time as either party notifies the other in writing of intent to terminate. The agreement can be revised upon mutual agreement.

Each party agrees to the following terms:

1. Each party will offer the other one (1) complimentary conference registration to all Annual Conferences. This may be used as the respective parties desire (e.g., board member, for a member at large)
2. The parties agree to exchange published digital newsletters and publications.
3. The parties agree to publicize and/or distribute, to the best of their abilities, conference information, calls for proposals and other events and information that they feel may be of interest to their respective members. This can be distributed in various ways, such as newsletters, website, social media and mailing lists, as appropriate. The parties agree that this mutual sharing of information will be at no cost to either party.
4. The parties agree to cooperate in other areas not specified here, as the opportunity arises, by separate mutual agreement.
